

## Rockwell Parts

Rockwell Parts - AxleTech International is a leading supplier in the world of specialty vehicle drive-train systems and components along with off highway vehicles. The company prides itself on being its clients' chosen supplier. AxleTech strives to meet and exceed their customers' expectations for technology, delivery, quality and service. They believe in working within an environment which encourages the highest integrity with empowered collaboration, combined with a unrelenting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively utilizing principals of environmental stewardship and safety in how they do business. The company has put various programs in place in order to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with any comments or questions, because they are happy to promote and share this policy with a greater understanding of their efforts. They are extremely dedicated to improving and preserving the natural world. AxleTech has an EHS program that not just protects the environment but which likewise actively protects their neighbors and workers too.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles utilized for both military and commercial applications. These applications range from airport ground support to construction equipment. AxleTech specifically designs axles so as to meet particular application demands. They have more than 1000 different axle specs in their existing offering. With more than one hundred years of history and experience, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The business is well known in many military and commercial applications. They offer complete axle assemblies for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have added details which could be seen in the "ISAS" product collection.
