

## Electrical Parts for Forklifts

Forklift Electrical Parts - Lift trucks and other forklifts may have particular labels for use in certain hazardous locations. The label indicates that this particular model of forklift meets the minimum standards of ANSI/UL 553 used for electric forklifts or ANSI/UL 558 for internal combustion engine forklifts.

The use for labels for lift forklifts may be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Type Designations, Areas of Use, and Maintenance and Operation. Check with your local insurance carrier and Fire Marshall for more info about the approved uses of industrial powered forklifts in your application.

If the lift truck has been found to satisfy the outlined criteria, the following labels may be attached. A marked truck would have the type description put on the forklift nameplate and would have one of the following labels placed.
