

Concrete Hopper

Concrete Hopper - This particular attachment is a self-dumping hopper that automatically starts to dump as bumper release touches the side of a dumpster. Once dumping is completed, the hopper goes back to an upright and locked position. This particular piece of equipment even comes with a cable that enables operation from the seat of the lift truck so as to have the option of manually dumping the hopper. There is a locking chain provided so as to secure the hopper to the fork truck. This particular product is made with consistent and reliable robotic welds for utmost strength. The forklift dumping hopper also has a blue powder coat finish to maintain durability.
